The opening pages, two seasoned educators, Maxine Greene and Lee Shulman, discuss reflective inquiry as a form of active attention (Thoreau's "wide-awakeness"), an act of consciousness, and a process by which people can understand themselves, their work (particularly in the form of life projects), and others. Building on this foundation, the Handbook analyzes through the work of 40 internationally oriented authors:

- Definitional issues concerning reflection, what it is and is not;
- Worldwide social and moral conditions contributing to the growing interest in reflective inquiry in professional education;
- Reflection as promoted across professional educational domains, including K-12 education, teacher education, occupational therapy, and the law;
- Methods of facilitating and scaffolding reflective engagement;
