"Whether you're a newcomer to options trading or a grizzled veteran looking for a fresh take on basic strategy, you'll enjoy the plain-spoken style and colorful scenarios illustrated in this book. In addition to providing a solid beginner's course in options trading, Options Trading QuickStart Guide walks you through a multitude of strategic trading decisions, showing you how a trader thinks and how he arrives at critical decisions. This book wasn't written for someone who wants to stay on the sidelines, but for the ambitious trader looking to become a formidable, sharp, and cunning options trader"--Page 4 of cover.

Updated and expanded 2nd edition of the Amazon best-selling book: The Rookie's Guide to Options. Wolfinger teaches readers how to use the versatile, risk-reducing investing tool, the stock option. Step-by-step instructions on making, managing and exiting trades. The emphasis is on getting the reader to understand how options work. There are no rules to memorize, just plain common sense ideas. Wolfinger's unique approach has readers follow along as he makes trade decisions and manages risk. The lessons follow in logical order, with each based on knowledge acquired in earlier chapters. Seven basic option strategies are covered. Learn why the commonly used strategy of buying options for speculation is far too risky for all but the most sophisticated traders and why it is an inappropriate strategy for newcomers to the option's world. Learn to adopt strategies with limited risk but which come with a high probability of earning profits. His favorite strategies include covered call writing, selling cash-secured puts, collars, credit spreads, iron condors, diagonal spreads, and calendar spreads. Don't

let the title fool you. This book contains all the information that a new trader has to know before getting started with options, but it also could be titled "The Rookie and Intermediate Trader's Guide to Options." You will keep this book handy as a reference as you gain trading experience and a better understanding of how to use options effectively.

Real Advice from a Real Investor If you are dreaming of getting started in the investing world to supplement your income or even kick your 9-to-5 job to the curb completely, then Options Trading: The Ultimate Beginner's Guide might be the answer you have been looking for. This book will help you learn everything you need to know in order to start making successful moves in the options market, even if you aren't quite sure what an option is at this moment. Simply put, options are like stocks or bonds in that they are a variety of security which, when purchased, give you the option of purchasing or selling a stock or another related asset at a specific price. While it might seem complicated now, the reality is that it is mostly about doing research and executing on a specific plan once certain numbers are met. While once only the domain of Wall Street, online options trading makes the process easier than ever. So, what are you waiting for? Stop dreaming and start acting. Inside You Will Find A complete breakdown on all option types Detailed explanations on exactly how options work An easy to follow step-by-step guide to walk you through your first options trade The best strategies for a beginner to achieve success The lingo of a professional options trader The easiest way to guarantee long term trading success Common mistakes beginners make and how to

The sixth book in the Wrightbooks Made Simple series, Options Made Simple is an uncomplicated guide to trading options for beginners. This book outlines some simple, easy to understand strategies anyone can use to start trading options. The book will be a succinct paperback with lower price point, and provide the perfect first step into trading options. An option is a binding contract that gives the buyer the right, but not the obligation, to buy or sell an underlying asset at a specific price on or before a certain date C it has strictly defined terms and properties. Options are very versatile and allow you to change your position according to the situation C they can be speculative or conservative depending on your trading strategy, but the risk can be mitigated by having a firm basic understanding. The Made Simple series is the perfect vehicle for this content as readers are taken step©\by©\step through everything they need to know about trading options C including what can go wrong! C and can work out which strategies they are most comfortable with.

File Type PDF Beginners Guide To Options

Nowadays, many investors' portfolios include investments such as mutual funds, stocks and bonds. But the variety of securities you have at your disposal does not end there. Another type of security, called an option, presents a world of opportunity to sophisticated investors. The power of options lies in their versatility. They enable you to adapt or adjust your position according to any situation that arises. Options can be as speculative or as conservative as you want. This means you can do everything from protecting a position from a decline to outright betting on the movement of a market or index. This versatility, however, does not come without its costs. Options are complex securities and can be extremely risky. This is why, when trading options, you'll see a disclaimer like the following: Options involve risks and are not suitable for everyone. Option trading can be speculative in nature and carry substantial risk of loss. Only invest with risk capital. Despite what anybody tells you, option trading involves risk, especially if you don't know what you are doing. Because of this, many people suggest you steer clear of options and forget their existence. On the other hand, being ignorant of any type of investment places you in a weak position. Perhaps the speculative nature of options doesn't fit your style. No problem - then don't speculate in options. But, before you decide not to invest in options, you should understand them. Not learning how options function is as dangerous as jumping right in: without knowing about options you would not only forfeit having another item in your investing toolbox but also lose insight into the workings of some of the world's largest corporations. Whether it is to hedge the risk of foreign-exchange transactions or to give employees ownership in the form of stock

File Type PDF Beginners Guide To Options

options, most multi-nationals today use options in some form or another. This book will introduce you to the fundamentals of options. Keep in mind that most options traders have many years of experience, so don't expect to be an expert immediately after reading this book .
