"Exciting and engaging vocabulary instruction can set students on the path to a lifelong fascination with words. This book provides a research-based framework and practical strategies for vocabulary development with children from the earliest grades through high school. The authors emphasize instruction that offers rich information about words and their uses and enhances students' language comprehension and production. Teachers are guided in selecting words for instruction; developing student-friendly explanations of new words; creating meaningful learning activities; and getting students involved in thinking about, using, and noticing new words both within and outside the classroom. Many concrete examples, sample classroom dialogues, and exercises for teachers bring the material to life. Helpful appendices include suggestions for trade books that help children enlarge their vocabulary and/or have fun with different aspects of words"--

A Tale of Two Cities (1859) is a historical novel by Charles Dickens, set in London and Paris before and during the French Revolution. The novel tells the story of the French Doctor Manette, his 18-year-long imprisonment in the Bastille in Paris and his release to live in London with his daughter Lucie, whom he had never met. The story is set against the conditions that led up to the French Revolution and the Reign of Terror.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Wangga, originating in the Daly region of Australia's Top End, is one of the most prominent Indigenous genres of public dance-songs. This book focuses on the songmen who created and performed the songs for their own communities and for the general public over the past 50 years. The book is organised around six repertoires: four from the Belyuen-based songmen Barrtjap, Muluk, Mandji and Lambudju, and two from the Wadeye-based Walakandha and Ma-yawa wangga groups, the repertoires being named after the ancestral song-giving ghosts of the Marri Tjavin and Marri Ammu people respectively. Framing chapters include discussion of the genre's social history, musical conventions and the five highly endangered languages in which the songs are composed. The core of the book is a compendium of recordings, transcriptions, translations and explanations of over 150 song items. Thanks to permissions from the composers' families and a variety of archives and recordists, this corpus includes almost every wangga song ever recorded in the Daly region. Representing the fruit of more than 20 years' work by Marett, Barwick and Ford with the families of the songmen, and drawing on a rich archival record of photographs and recordings from the communities of Belyuen and Wadeye, this book is the first phase of a multimedia publication project that will also include a website and a series of CD packages. It is the second book in the series 'The Indigenous Music of Australia' published by Sydney University Press. All the recordings are available to stream.
