DEAD SOULS RISING

Dead Souls is a novel by Nikolai Gogol, first published in 1842, and widely regarded as an exemplar of 19th-century Russian literature. Gogol himself saw it as an "epic poem in prose", and within the book as a "novel in verse". Despite supposedly completing the trilogy's second part, Gogol destroyed it shortly before his death. Since its publication in 1842, *Dead Souls* has been celebrated as a supremely realistic portrait of provincial Russian life and as a splendidly exaggerated tale; as a paean to the Russian spirit and as a remorseless satire of imperial Russian venality, vulgarity, and pomp. As Gogol's wily antihero, Chichikov, combs the back country wheeling and dealing for "dead souls"--deceased serfs who still represent money to anyone sharp enough to trade in them--we are introduced to a Dickensian cast of peasants, landowners, and conniving petty officials, few of whom

Chichikov, an amusing and often confused schemer, buys deceased serfs' names from landholders' poll tax lists hoping to mortgage them for profit

The first of the great Russian novels and one of the indisputable masterpieces of world literature, Dead Souls is the tale of Chichikov, an affably cunning con man who causes consternation in a small Russian town when he

shows up out of nowhere proposing to buy title to serfs who, though dead as doornails, are still property on paper. What can he have up his sleeve, the local landowners wonder, even as some rush to unload what isn't of any use to them anyway, while others seek to negotiate the best deal possible, and others yet hold on to their dead for dear life, since if somebody wants what you have then no matter what don't give it away. Chichikov's scheme soon encounters obstacles, but he is never without resource, and as he stumbles forward as best he can, Gogol paints a

Wonderfully comic picture of Russian life that also serves as a biting satire of a society as corrupt as it is cynical and silly. At once a wild phantasmagoria and a work of exacting realism, Dead Souls is a supremely living work of art that spills over with humor and passion and absurdity. Donald Rayfield's vigorous new translation corrects the mistakes and omissions of earlier versions while capturing the vivid speech rhythms of the original. It also offers a fuller text of the unfinished second part of the book by combining material from Gogol's two surviving drafts into a

"When Fiona Quinn is approached in a bar by a man who calls himself Scratch and claims he's the devil, she figures it's just some kind of post-modern ironic pickup line. But since he offers to pick up the tab, what the hell. A few drinks in, Scratch offers something much stranger--a wish in exchange for her immortal soul. Fiona has been wondering if her boyfriend

Dead Souls #1 of 3

When college professor Ellie McKay walks into the Maverick Bar in Farmington, New Mexico, late one evening, she plans to get drunk, not engaged. But within thirty minutes, she's met cowboy Al Robison, he's proposed to her, and she's accepted. Al only knows that Ellie is attractive, vulnerable, and single; he doesn't know that she has been on the run for weeks from a sociopath who killed her surgeon boyfriend in Pennsylvania and raped and

tortured her. Reeling from the ordeal and deeply scarred emotionally and physically, Ellie flees first to Paris, where she seeks refuge in the bottle. Then, coming to her senses, she returns to Pittsburgh to resume her life and her career, believing she will be safe there. When that proves untrue, she takes to the road, no longer caring much what happens to her. Ellie's escape route leads her to Santa Fe and then north to Farmington, where Al seems the safest bet. When she says yes to Al's proposal, she knows only that he is a local rancher. She doesn't know about Al's
