Millions of Americans own their own businesses, and millions more dream of doing the same. But starting your own business is a pretty complicated matter, especially with all the legal issues and paperwork. This updated edition of the top-selling small business resource is chock-full of information, resources, and helpful hints on making the transition from a great idea to a great business. If you've got a great idea for your own business, you need the kind of straightforward advice you'll find here — the kind of advice you'd normally only get from business schools and MBA courses. *Small Business Kit For Dummies, Second Edition* covers all the basics on: Recent tax law changes Balancing your finances Hiring and keeping employees Effective management strategies Accounting fundamentals In addition to the basics of business, you'll also find top-class advice on more advanced business basics, like business plans, the ins and outs of contracts, and using the Internet to expand your business. For entrepreneurs large and small, this comprehensive resource offers authoritative guidance on all your biggest business concerns, and offers unbeatable advice on such topics as: Choosing your business structure — from LLCs to S corps How to develop and write a standard business proposal Going public, issuing stock, and keeping a stock ledger Raising capital and understanding securities laws Bookkeeping standard practices Tax basics for small businesses Handling the paperwork for new hires Designing employee compensation plans Working with independent contractors and consultants Patent and copyright protections Dealing with the Press In addition, the book includes a CD-ROM full of helpful resources — forms, contracts, and even sample versions of the most popular software for small businesses. With *Small Business Kit For Dummies* you'll find all the tools you need to get your small business up and running — and keep it running for years and years to come.

This complete overview of Business Organizations, written specifically for paralegal students, provides a basic and thorough understanding of the various types of business organizations in a format that will not overwhelm students. Comprehensive, yet accessible, *Business Organizations for Paralegals, Fifth Edition*, provides students with the practical knowledge they will need. Paralegal students and instructors have relied on this text for over a decade because of these attributes: Clear presentation designed for the paralegal student, with chapters that include an introduction, a complete discussion of the topic, a section devoted to the tasks performed by paralegals, guides to both conventional and Internet resources, discussion questions, and a summary of key features Each form of business organization discussed thoroughly, including the nature of the entity, its advantages and disadvantages, the relative ease with which it may be formed, its dissolution, and tax consequences More in-depth treatment of limited liability partnerships and limited liability companies than other texts An entire chapter devoted to securities regulation Useful exhibits and charts that highlight important topics and sample forms that are integrated with the textual discussion throughout the book Web resources included in each chapter, with references to websites on forming businesses, directions to various forms, and web addresses for each state's Secretary of State Key terms defined in the margins for easy reference, practice tips in each chapter that provide pragmatic information for paralegals, lists of relevant websites and of tasks commonly performed by paralegals Internet questions requiring students to access websites with which they will be expected to be familiar on the job A complete ancillary package, including an instructor's manual with a test bank and PowerPoint slides True to form, the Fifth Edition is cutting-edge in its coverage: Each chapter includes all new discussion questions, Internet questions, and case illustrations New topics include a discussion of the Revised Uniform Limited Liability Company Act in Chapter 6 and Shelf LLCs and Series LLCs Chapter 11 discusses new trends in corporate governance, such as the move toward electing boards of directors by majority rather than plurality vote, the move toward eliminating staggered or classified boards of directors, new SEC rules and regulations, and the availability of proxy materials on the Internet Coverage of the 2008 financial crisis

Business Organizations Law in Focus, Second Edition provides a thorough introduction to the key attributes, advantages, and disadvantages of every form of for-profit business organization in the United States, including: partnerships, limited liability companies, and corporations. The practice-oriented approach of the Focus Casebook Series elucidates the legal and practical aspects of business organizations through real-world scenarios that provide numerous opportunities for students to apply theory to practice and solidify their understanding of key concepts. Clear exposition and Case Previews support independent learning and focus case analysis. New to the Second Edition: Significantly more editing of cases with an eye towards making case excerpts shorter and more accessible to students. Expanded coverage of LLCs in Chapter 12, including a newly added case and related exercises addressing the primacy of the operating agreement in LLC governance and 2019 case and associated exercises highlighting LLC dissolution standards. Newly-added cases and exercises in Chapter 9 highlighting the continued evolution of Delaware's Caremark corporate monitoring and oversight doctrine, including references to the Delaware Supreme Court's recent decision in *Marchand v. Barhill*, 212 A.3d 805, 809 (Del. 2019) reversing the dismissal of Caremark claims against an ice cream manufacturer over allegedly persistent food safety issues, and the Chancery Court's decision in *Clovis Oncology, Inc. Derivative Litig.*, C.A. No. 2017-0222-JRS, 2019 WL 4850188 (OCT. 1, 2019) denying a motion to dismiss Caremark claims involving allegedly "serial non-compliance" with FDA protocols and regulations having to do with drug approval. An additional case in Chapter 10 that asks whether the "disrespectful and unfairly disproportionate treatment of a female shareholder by the male majority in a closely held corporation constitutes corporate oppression" pursuant to New York Business Corporation Law § 1104-a (a)(1). A new case in Chapter 10 in which shareholders of AmerisourceBergen—one of the world's leading wholesale distributors of opioid painkillers—sought to exercise their inspection rights under DGCL § 200 to investigate whether the firm had engaged in wrongdoing in connection with the distribution of opioids. Additional and expanded references to Model Business Corporation Act (MBCA) standards across Chapters 8, 9, and 10, including expanded references to MBCA standards concerning director conflicting interest transactions, the corporate opportunity doctrine, and the MBCA's universal demand rule for derivative actions. A new case in Chapter 3 addressing duties of loyalty and candor in the partnership context that invokes the *Meinhard v. Salmon* standard in a manner that is more accessible to students. Updated coverage of the proxy system and proxy regulation, securities offering rules and regs, and developments in insider trading law. New cases and "spotlight" sections that address a variety of timely issues, including "unicorns" (start-up businesses with a valuation of at least \$1 billion), claims involving opioid manufacturers, and corporate governance matters involving #MeToo claims. Professors and students will benefit from: Features that engage students in applying theory to practice, such as Real-Life Applications, Application Exercises, and Applying the Concepts. Experiential exercises on drafting documents and preparing appropriate filings. An overview in Chapter One of the various forms of business organization and their key attributes, advantages, and disadvantages. An emphasis on contemporary principal cases and issues that resonate with today's students and fuel class discussion. Clear exposition of legal principles means students can absorb assigned reading on their own, and professors don't have to explain it from the lectern in class. Attention to attorney ethical issue and rules that commonly arise in the representation of business entities. The online ascii art generator can convert text to multiline text boxes. Try it now.

Business Organizations Law in Focus offers a comprehensive, practice-oriented approach to the legal and practical aspects of business organizations. By providing real world scenarios throughout, the text gives students numerous opportunities to apply what they learn and solidify their understanding of important concepts. Clear explanatory text, case previews, and case follow-ups further clarify business principles and aid in student understanding. This text focuses on key attributes, advantages, and disadvantages of each form of business organization, including partnerships, limited liability companies, and corporations. In addition, it also addresses issues arising under the federal securities laws, including reforms associated with the Sarbanes-Oxley Act of 2002 and the Dodd-Frank Wall Street Reform and Consumer Protection Act. Among other “hot” topics are “spotlight” sections, which address corporate inversions, start-up “unicorns,” and insider trading.

Business Organizations for Paralegals offers comprehensive overview of business organizations for paralegals, presented in a student-friendly format. Its coverage of all the various types of business organizations provides a basic and thorough understanding without overwhelming students. Key Features: Thorough and meaningful coverage of each type of business entity, discussing the nature of the business entity, the advantages and disadvantages of each type of organization, business operation and management, transferability of ownership, formation and dissolution of the business, and tax implications for each type of organization A “life-cycle approach” that follows each type of organization from its formation to its operation, dissolution, and tax consequences Helpful visual aids and charts that illustrate and highlight important concepts Practice Tips, sample forms, key terms, discussion questions, and a useful glossary Internet resources for additional information, forms, and agreements The role of the paralegal, with descriptions of tasks assigned to paralegals by topic Highlights from the Eighth Edition: How the 2017 Tax Cuts and Jobs Act affect pass-through entities and corporations The impact of the U.S. switching from a worldwide tax system to a modified territorial system New trends in corporate law, such as inversions, mechanisms to deter inversions, and the use of cryptocurrencies in initial coin offerings New trends in mergers, including the use of “no shop” provisions and “break-up” fees in merger agreements Expanded coverage of securities issues, such as using Regulation A+ to raise capital; “Up-C” as an alternative to the traditional IPO; the emergence of “unicorn companies”; and the SEC’s new Cyber Unit that targets cyber-related misconduct in the marketplace Four methods of shareholder voting: majority, plurality, plurality plus, and consequential voting New trends in corporate governance and shareholder proposals Fresh case illustrations throughout the text New and updated sample forms and charts

Robert's Rules of Order Newly Revised, commonly referred to as Robert's Rules of Order, RONR, or simply Robert's Rules, is the most widely used manual of parliamentary procedure in the United States. It governs the meetings of a diverse range of organizations-including church groups, county commissions, homeowners associations, nonprofit associations, professional societies, school boards, and trade unions-that have adopted it as their parliamentary authority. The manual was first published in 1876 by .US Army officer Henry Martyn Robert, who adapted the rules and practice of Congress to the needs of non-legislative societies. Ten subsequent editions have been published, including major revisions in 1915 and 1970. The copyright to Robert's Rules of Order Newly Revised is owned by the Robert's Rules Association, which selects by contract an authorship team to continue the task of revising and updating the book. The 11th and current edition was published in 2011. In 2005, the Robert's Rules Association published an official concise guide, titled Robert's Rules of Order Newly Revised In Brief. A second edition of the brief book was published in 2011.
