since the financial crisis of 2008/09. Prior to this period, savers could easily secure an attractive rate of interest on their savings - 4%, 5% or even 6%. In recent years, these higher rates have reduced to just 1% or 2%. Naturally, many people have been looking around trying to obtain a better return on their savings. Some have turned to P2P but this is not without additional risks compared to cash deposits. Others are tempted by the offer of a better return from the stock market but most ordinary people have little knowledge of the markets and may be apprehensive about dealing in areas they do not really understand. Of course, those that can afford the up front fees can employ the services of a
