The transportation sector is faced with new legislative mandates as reflected by the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991. ISTEA, coupled with the Clean Air Act Amendments (CAAA) of 1990, provides an impetus for change in transportation planning and project implementation. Statewide transportation planning is one of the mechanisms for change that ISTEA provides. Statewide transportation plans integrate planning for multiple transport modes to balance the mobility needs of the state with future revenue sources. To support this requirement, FHWA and FTA have issued statewide transportation planning rules. These rules identify twenty-three factors to be addressed in statewide plans. The case studies included in this report demonstrate examples of coordination.

Developing future strategies for a company is an important and complex task, and forms the core issue in this book. A company's strategy defines its future direction, specifying its desired market position and key competitive advantages both at the level of market offers and of resources. This book provides clear, straightforward advice for professionals: after a brief introduction to strategic planning, a heuristic process for determining future strategies is presented. It shows how to analyze a company's current situation, develop and assess options for the future, and define implementation projects. Throughout the book, detailed recommendations are illustrated with the help of numerous concrete examples. As a result of studying applications of the book in practice, the second edition benefits from a simplified, hands-on analysis and planning process at the business level.

Process drama is now firmly established, internationally, as a powerful and dynamic pedagogy. This clear and accessible book provides a practical, step-by-step guide to the planning of process drama. Grounded in theory and illustrated in practice, it identifies and explains the principles of planning and shows how they can be applied across age ranges and curricula. Drawing on the authors' wide-ranging practical experience and research, examples are built up and run throughout the book, at each step showing how and why the teachers' planning decisions were made. This second edition features: a wider range of examples illustrating the planning principles in practice two completely new chapters: one deals with planning for diverse learner groups and the other moves the reader on from the pre-action planning phase to the 'planning on your feet' required as the drama unfolds.

incorporated new material to reflect recent understanding of how learning takes place. Written as a conversation between reader and authors, Planning Process Drama will help practitioners to update and refine their practice and strengthen their understanding, skills and confidence. Planning Process Drama will be an essential guide for students undertaking initial teacher training at primary level, in addition to both Drama and English at secondary level, and a Masters in Drama in Education. It will also prove to be valuable reading for specialist and non-specialist teacher in both the primary and secondary sectors who teach, or wish to teach, process drama.

Persuasion: Theory and Research, Third Edition is a comprehensive overview of social-scientific theory and research on persuasion. Written in a clear and accessible style that assumes no special technical background in research methods, the Third Edition has been thoroughly revised to reflect developments in persuasion studies. New discussions of subjects such as reactance and the use of narratives as vehicles for persuasion, revised treatments of the theories of reasoned action and planned behavior, and two new chapters on social judgment theory and stage models provide your students with the most current work on persuasion in a clear, straightforward manner. In this edition, author Daniel J. O'Keefe has given special attention to the importance of adapting (tailoring) messages to audiences to maximize persuasiveness. Each chapter has a set of review questions to guide students through the chapter's material and quickly master the concepts being introduced.
