5.0 out of 5 stars Gerald Davies; An Autobiography. Reviewed in the United Kingdom on 17 August 2012. Verified Purchase. I grew up wanting to be Gerald Davies, those thrusting runs, the twinckling toes, the dash, the verve, the tries, the wins. Having read that you might be surprised to read that I'm Welsh.

'A true warrior. He demands excellence from himself and others around him. He has had success and disappointment, joy and sadness. People think they know him but unless you read this book you will never know the REAL Alun Wyn Jones.' Warren Gatland Match Day. Closing a hotel room door, down into the team room. Up into a hotel lobby full of supporters in red shirts, of cheers and applause and shouts of good luck. This is where the story of Alun Wyn Jones's journey begins, the story that every child who has dreamt of playing rugby for their country starts with. From the tightness in your stomach to the look on your team-mates' faces, the adrenaline starting to flow within. Belonging is the story about how the boy left Mumbles and returned as the most capped rugby player of all time. It is the story of what it takes to become a player who is seen by many as one of the greatest Welsh players there has ever been. What it takes to go from sitting, crossed legged on the hall floor at school, watching the 1997 Lions Tour of South Africa to being named the 2021 Lions Captain. But is it also about perthyn - belonging, playing for Wales, working your way through the age-grades and the club matches and regional sides. What it takes to earn the right to be there, and what it feels like to make the sacrifices along the way. Feeling the bond to the great players not long gone, and feeling the ties to the millions in front rooms and pubs across the hillsides and the valleys, coast to coast. Knowing that deep down you just want to belong, be a part of it, as everyone does. From the rain swept pitches of Swansea to making his test debut against Argentina in Patagonia in 2006, from touring with the Lions in 2009, 2013, 2017 and 2021 to losing a parent and building a family, Belonging is the autobiography of one of the most compelling figures in World rugby. Told with unflinching honesty, this is the ultimate story of what it takes and what it means to play for your country: what it means to belong.

## Get Free Gerald Davies An Autobiography

The former Wales and Lions rugby captain has travelled the world watching rugby and talking about the game since his retirement in 1978. This book tackles a host of issues dominating the sport in the modern era. When Prince Charles watched Llanelli play the All Blacks on their last meeting in 1997, he claimed he had the best seat in the house - the one next to Phil Bennett. Such is the esteem in which the ex Wales and Lions captain is held, it's no wonder his frank opinions and hard-hitting appraisal of the sport he lives and breathes continue to have as much impact now as they did when he was the world's premier fly-half in his heyday. In his book, Bennett is scathing of the Welsh rugby administrators, poor standards of coaching and the failure to embrace new ideas. On a global level he has strong views on professional rugby and the rise of the European game.

In the 1970s, an age long before World Cups, rugby union to the British public meant Bill McLaren, rude songs and, most of all, Wales. Between 1969 and 1979, the men in red shirts won or shared eight Five Nations Championships, including three Grand Slams and six Triple Crowns. But the mere facts resonate less than the enduring images of the precision of Gareth Edwards, the sublime touch of Barry John, the sidesteps of Gerald Davies and Phil Bennett, the courage of J.P.R. Williams, and the forward power of the Pontypool Front Row and 'Merv the Swerve' Davies. To the land of their fathers, these Welsh heroes represented pride and conquest at a time when the decline of the province's traditional coal and steel industries was sending thousands to the dole queue and threatening the fabric of local communities. Yet the achievements of those players transcended their homeland and extended beyond mere rugby fans. With the help of comedian Max Boyce, the culture of Welsh rugby and valley life permeated Britain's living rooms at the height of prime time, reinforcing the sporting brilliance that lit up winter Saturday afternoons. In *Nobody Beats Us*, David Tossell, who spent the '70s as a schoolboy scrum-half trying to perfect the Gareth Edwards reverse pass, interviews many of the key figures of a golden age of Welsh rugby and vividly recreates an unforgettable sporting era.

This book looks at 20 rugby union players who fought on wet pitches for little but pride and honour in the days prior to the game turning professional in 1995, such as Dai Morris, Graham Price, Ray Prosser, Brian Thomas, Delme Thomas, Geoff Wheel, J P R Williams, R H Williams, W O Williams and Bobby Windsor.

A biography of the early life and the playing career of John Dawes, the London Welsh, British Lions (1971) and Barbarians captain. The biography is the result of extensive interviews, with a postscript giving a current analysis detailing Dawes' place in rugby history as one of rugby's greatest innovators.

This line from Max Boyce's 'Hymns and Arias' usually elicits delirious applause in the rugby world. It is now the title of a book which looks at the classic matches between the two old foes between 1890 and 2013. Included are Wales vs England matches which featured controversies, such as the 1890 match when Wales were victorious for the first time.
