<p>The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.</p>

<p>I have one simple rule: no sexual contact. Yeah, I'm a male escort, but that doesn't mean my body's for sale. I provide companionship to women who can afford it and understand my rule. It's simple really. I need to be in control, not my body. Someone already screwed me once when I lost control, and not in the good way. So, no sexual contact. Sure. I'll kiss them, and I'll even give them a little strip tease if they don't mind seeing the scars from my SEAL days, but nothing more. Damn. At least that's the way it's supposed to be. The way it was. Until her. Until Serena. The little socialite gets under my skin and is hot as sin. I was just supposed to be her arm candy for a few events, but I can't help it. I want more. I want her. And I want to break my one simple rule.</p>
