Helps learners of British English master key concepts in grammar easily and quickly.

This new college preparatory literary series from B&H Publishers provides parent educators and Christian schools with educationally sound, rigorous literature courses. Students will learn: to think critically about their world and their participation in it; to write their thoughts, primarily through essays; to articulate their thoughts through small group discussions with peers, family, broader communities, and through occasional formal speeches; to enhance vocabulary through reading and studying quality literature; to converse about the major worldviews of authors of literature, past and present; and to develop and refine their own worldviews through participating in biblical application and Christian principles in weekly studies.

Helps learners of British English master key concepts in grammar easily and quickly.

As NTA introduces Numeric Answer Questions in JEE Main, Disha launches the Questions' the 3rd latest updated edition of 'New Pattern NTA JEE Main Quick Guide in Chemistry with Numeric Answer Questions'. The Challenge and Skills Builders are differentiated activity books to be used alongside the Cambridge Primary Science course. Cambridge Primary Science is a flexible and engaging course written specifically for the Cambridge Primary Science Curriculum Stages 1 to 6. The course uses an enquiry-led approach that helps pupils to think and work scientifically. Skills Builders provide consolidation activities for children who need extra learning opportunities to meet the standard for success. They also focus on scientific literacy for ESL children who find this a barrier to learning. A full range of activities help raise a child's scientific literacy and understanding to match their peers, with teacher/parental guidance on key scientific methods and concepts before each exercise.
