you believe...whether it's to change the future, walk-in faith, or stand for unpopular values. The crux of being a leader is to have the character strength, courage, and tenacity to share your point of view. To listen to another's perspective and find a way to value those who don't think or act like you and who see the world differently from you and do it in a way that honors our humanity and imperfections. Remarkable Leadership Lessons is a thought book. It's designed to let you see the power and potential within you, and if you show up, step up and speak up, you can get the results you really want. What stops us is complacency; being comfortable with fear, being less than, and believing we are not enough to be respected/loved/worthy because we experience the world differently than others. Remarkable Leadership Lessons is an action book. The anecdotes and case histories bring to life skills anyone and everyone can use to achieve more when they choose to engage in meaningful conversations that change an idea and get the needed results. The proactive measures and steps recommended throughout will help any leader establish more cooperative and supportive relationships. Leadership is a contact sport, and the sport is conversational excellence. Anyone can have a conversation that is noteworthy that leads to better results. Remarkable leadership is valuing the unique experiences others bring, helping others engage in change, while respecting their right to think differently.

An updated edition of the blockbuster bestselling leadership book that took America and the world by storm, two U.S. Navy SEAL officers who led the most highly decorated special operations unit of the Iraq War demonstrate how to apply powerful leadership principles from the battlefield to business and life. Sent to the most violent battlefield in Iraq, Jocko Willink and Leif Babin 's SEAL task unit faced a seemingly impossible mission: help U.S. forces secure Ramadi, a city deemed "all but lost." In gripping firsthand accounts of heroism, tragic loss, and hard-won victories in SEAL Team Three 's Task Unit Bruiser, they learned that leadership—at every level—is the most important factor in whether a team succeeds or fails. Willink and Babin returned home from deployment and instituted SEAL leadership training that helped forge the next generation of SEAL leaders. After departing the SEAL Teams, they launched Echelon Front, a company that teaches these same leadership principles to businesses and organizations. From promising startups to Fortune 500 companies, Babin and Willink have helped scores of clients across a broad range of industries build their own high-performance teams and dominate their battlefields. Now, detailing the mind-set and principles that enable SEAL units to accomplish the most difficult missions in combat, Extreme Ownership shows how to apply them to any team, family or organization. Each chapter focuses on a specific topic such as Cover and Move, Decentralized Command, and Leading Up the Chain, explaining what they are, why they are important, and how to implement them in any leadership environment. A compelling narrative with powerful instruction and direct application, Extreme Ownership revolutionizes business management and challenges leaders everywhere to fulfill their ultimate purpose: lead and win.
