to be a true help to all those who are seeking to learn and grow in the field of pharmacovigilance. Some of the readers might wonder what prompted me to write this book when there are several books already available on Pharmacovigilance basics. In my opinion, there is a need for an organized study material which talks about the subject at the foundation level and presents the content in a form which is easy for the readers to understand/revise quickly. Hence, this book offers the readers a unique organized study material which comprises of mind maps, flow charts, short notes, text explanation and glossary thus, presenting the intricate concepts of the subject in a very simple
