Encouraged by Hornblower creator CS Forester, he also began writing fiction using his own experiences in the Navy and his extensive historical research as a basis. In 1965, he wrote 'Ramage', the first of his highly successful series of novels following the exploits of the heroic 'Lord Nicholas Ramage' during the Napoleonic Wars.

Library, Nelson's 1/3 Library, and Nelson's 1/- Library. But there are also Nelson's Non-Fiction, Nelson's New Fiction, Nelson's Notable Fiction, etc. Sometimes the books have series numbers, sometimes not; sometimes a book's jacket indicates that it is part of two (or more) different "series" (such as Bell's Wee Macgregor title below).

This book provides summaries and analyses of more than 250 novels and nearly 30 films and examines the extent to which they accurately reflect the history, mores and manners of the period—and the extent to which they reveal the ideas and attitudes of their authors and of the periods in which they were written. Particular emphasis is placed on the nature and importance of the war at sea for the British and on the role of famous naval officers such as Nelson, Pellew, Duncan, Smith and Cochrane in the defeat of Napoleon.

This is a well-researched and highly readable account of naval life, both ashore and at sea, from a respected and admired historian and writer of whom it was written: 'An author who really knows Nelson's navy' (Ramage's Prize - The Observer) and 'An expert knowledge of naval history' (Ramage at Trafalgar - The Guardian).

The fictional exploits of sailors in the Royal Navy have thrilled readers around the world. This title covers various aspects of the Royal Navy including the workings of the admiralty, the designs and

building of ships, life on board, food and drink, discipline, seamanship, merchant fleets, and opposing navies.

The perfect guide to Nelson's Navy for all those with an interest in the workings of the great fleet.

The author of the acclaimed Aubrey/Maturin historical sea novels presents a concise, profusely illustrated description of daily life in Nelson's navy, including anecdotes about the battles and commanders that established Britain's naval supremacy.

Fleeing the New England coast after foiling a British man-of-war's attempt to seize his cargo, merchant sea captain Isaac Biddlecomb finds himself in the middle of a brewing rebellion and at the mercy of a sadistic captain. Original.

They 'fought like young Nelsons.' The words of a schoolmaster, writing from aboard the Mars after the battle of Trafalgar, describing the valour of his pupils in the heat of battle. Made immortal by the novels of Patrick O'Brian, C. S. Forester and Alexander Kent, these boy sailors, alongside those of every other Royal Navy ship, had entered the British Navy to fight the French across every ocean of the world. There was a long-standing British tradition of children going to sea, and along the way found adventure, glory, wealth and fame. During the Napoleonic Wars, these children, some as young as eight or nine, were also fighting for the very survival of Britain. Drawing on many first-hand accounts, letters, poems and writings, this book tells the dramatic story of Britain's boy sailors during the Napoleonic Wars for the very first time.

An explosive chronicle of history's greatest sea battle, from the co-author of the forthcoming Gibraltar: The Greatest Siege in British History (March 2018) In the tradition of Antony Beevor's Stalingrad, Nelson's Trafalgar presents the definitive blow-by-blow account of the world's most famous naval battle, when the British Royal Navy under Lord Horatio Nelson dealt a decisive blow to the forces of Napoleon. The Battle of Trafalgar comes boldly to life in this definitive work that re-creates those five momentous, earsplitting hours with unrivaled detail and intensity.

Horatio Nelson's celebrated victory over the French at the Battle of Trafalgar in 1805 presented Britain with an unprecedented command of the seas. Yet the Royal Navy's role in the struggle against Napoleonic France was far from over. This groundbreaking book asserts that, contrary to the accepted notion that the Battle of Trafalgar essentially completed the Navy's task, the war at sea actually intensified over

the next decade, ceasing only with Napoleon's final surrender. In this dramatic account of naval contributions between 1803 and 1815, James Davey offers original and exciting insights into the Napoleonic wars and Britain's maritime history. Encompassing Trafalgar, the Peninsular War, the War of 1812, the final campaign against Napoleon, and many lesser known but likewise crucial moments, the book sheds light on the experiences of individuals high and low, from admiral and captain to sailor and cabin boy. The cast of characters also includes others from across Britain—dockyard workers, politicians, civilians—who made fundamental contributions to the war effort, and in so doing, both saved the nation and shaped Britain's history.

This book is the first presentation of the life of Horatio Nelson to be narrated in the first person, a recounting of his life in his own words. It begins with Nelson as a young 21-year-old captain in the Caribbean and goes to his death at the Battle of Trafalgar. Along the way his experiences in carrying out the vision of his duty in the Caribbean, Corsica, Tenerife, the Battle of Cape St. Vincent, the Nile, Copenhagen, and Trafalgar cost him his eye, his right arm, and ultimately his life, all because he was blessed and cursed with a nature that was blind to the spectre of failure and deaf to anything other than the call of duty, the clamour of battle, and victory. He was also a mortal man whose attraction to women brought pleasure, frustration, infatuation, and ultimately lifelong satisfaction. This is his story as he would tell it.
