Paper Topics George Orwell

This 1946 essay is notable for at least two reasons: one, it gives us a neat little autobiography detailing Orwell ' s development as a writer; and two, it includes four ' motives for writing ' which break down as egoism (wanting to seem clever), aesthetic enthusiasm (taking delight in the sounds of words etc.), the historical impulse (wanting to record things for posterity), and the political purpose (wanting to ' push the world in a certain direction ').

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind,

and it grants the reader an entirely different vantage point from which to consider the rest of the great writer ' s oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

George Orwell ' s celebrated novella, *Animal Farm*, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin ' s brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny. Orwell has himself said that it was the first book in which he had tried, with full consciousness of what he was doing, ' to fuse political purpose and artistic purpose into one whole. ' The book was first published in England in 1945, and has since then remained a favourite with readers all over the world, and has consistently been included in all prestigious bestseller lists for the past many years.

George Orwell set out ' to make political writing into an art ' , and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell ' s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the Orwell ' s Essays series, Orwell takes aim at the language used in politics, which, he says, ' is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind ' . In an age where the language used in politics is constantly under the microscope, Orwell ' s *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

1984 is George Orwell's terrifying vision of a totalitarian future in which everything and everyone is slave to a tyrannical regime lead by The Party. Winston Smith works for the Ministry of Truth in London, chief city of Airstrip One. Big Brother stares out from every poster, the Thought Police uncover every act of betrayal. When Winston finds love with Julia, he discovers that life does not have to be dull and deadening, and awakens to new possibilities. Despite the police helicopters that hover and circle overhead, Winston and Julia begin to question the Party; they are drawn towards conspiracy. Yet Big Brother will not tolerate dissent - even in the mind. For those with original thoughts they invented Room 101. . .

George Orwell's *Nineteen Eighty-Four* is among the most widely read books in the world. For more than 50 years, it has been regarded as a morality tale for the possible future of modern society, a future involving nothing less than extinction of humanity itself. Does *Nineteen Eighty-Four* remain relevant in our new century? The editors of this book assembled a distinguished group of philosophers, literary specialists, political commentators, historians, and lawyers and asked them to take a wide-ranging and uninhibited look at that question. The editors deliberately avoided Orwell scholars in an effort to call forth a fresh and diverse range of responses to the major work of one of the most durable literary figures among twentieth-century English writers. As *Nineteen Eighty-Four* protagonist Winston Smith has admirers on the right, in the center, and on the left, the contributors similarly represent a wide range of political, literary, and moral viewpoints. The Cold War that has so often been linked to Orwell's novel ended with more of a whimper than a bang, but most of the issues of concern to him remain alive in some form today: censorship, scientific surveillance, power worship, the autonomy of art, the meaning of democracy, relations between men and women, and many others. The contributors bring a variety of insightful and contemporary perspectives to bear on these questions.

Seminar paper from the year 2010 in the subject English Language and Literature Studies - Literature, grade: 1,5, University of Vechta (Institut für Geistes- und Kulturwissenschaften), language: English, abstract: This paper deals with Orwell's text 'Shooting an Elephant'. I use the term text deliberately since my topic says "George Orwell: 'Shooting an Elephant' - Short Story or Essay on the Essence of Colonialism." The question of genre has been debated for decades and there have been several quarrels about allocating it to a certain genre. Most experts, however, call the text an essay but there are also those who insist on the text belonging to the group of the short stories. In my paper I will work out features of both genres and at the end of my study I will sum up the findings and draw a conclusion. First, I will give a short definition of the terms 'Short Story' and 'Essay'. This is to show the characteristics of the two genres that I will pick up again in the course of this paper. After a brief summary I will start the analysis of the text working out topics like parallels to Orwell's life, the meaning of the elephant or the construction of the text. In the final part I will sum up my results and draw a conclusion."

"Rich and compelling. . .Lynskey ' s account of the reach of *1984* is revelatory. " --George Packer, *The Atlantic* An authoritative, wide-ranging, and incredibly timely history of *1984*--its literary sources, its composition by Orwell, its deep and lasting effect on the Cold War, and its vast influence throughout world culture at every level, from high to pop. *1984* isn't just a novel; it's a key to understanding the modern world. George Orwell's final work is a treasure chest of ideas and memes--Big Brother, the Thought Police, Doublethink, Newspeak, 2+2=5--that gain potency with every year. Particularly in 2016, when the election of Donald Trump made it a bestseller ("Ministry of Alternative Facts," anyone?). Its influence has morphed endlessly into novels (*The Handmaid's Tale*), films (Brazil), television shows (*V for Vendetta*), rock albums (*Diamond Dogs*), commercials (Apple), even reality TV (*Big Brother*). *The Ministry of Truth* is the first book that fully examines the epochal and cultural event that is *1984* in all its aspects: its roots in the utopian and dystopian literature that preceded it; the personal experiences in wartime Great Britain that Orwell drew on as he struggled to finish his masterpiece in his dying days; and the political and cultural phenomena that the novel ignited at once upon publication and that far from subsiding, have only grown over the decades. It explains how fiction history informs fiction and how fiction explains history.

George Orwell set out ' to make political writing into an art ' , and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell ' s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *The Prevention of Literature*, the third in the Orwell ' s Essays series, Orwell considers the freedom of thought and expression. He discusses the effect of the ownership of the press on the accuracy of reports of events, and takes aim at political language, which ' consists almost entirely of prefabricated phrases bolted together. ' *The Prevention of Literature* is a stirring cry for freedom from censorship, which Orwell says must start with the writer themselves: ' To write in plain vigorous language one has to think

fearlessly. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

A guide to reading and understanding George Orwell's "1984," featuring an introduction to the author's life and work, and a character list, summary, analysis, study questions and answers, and suggested essay topics for each chapter. Includes sample analytical paper topics.

George Orwell was a much-respected English novelist, who wrote some of the finest pieces in literary criticism, It got published in August 1945. His work is animal farm The fiction based on Farm animals, the author has named them too. Such as Major (a majestic-looking pig), 3-dogs (Bluebell, Jessie, and Pincher), many hens, pigeons, ducklings, sheeps and cows. Two horses, Boxer and Clover. Amongst them, Major is their leader. He wanted to speak on the nature of life on this earth and How any animal is now living. Animals complain that despite their hard labour, why then do they continue in the miserable condition They also com-plain about human beings that they use to steal nearly the whole of their produce. Their main enemy is - Man. The book narrates about the agony of ill-treated farm animals. 1984 George Orwell is the pen name of the author, Eric Arthur Blair. He was an English essayist, novelist, journalist and critic. His writings are based on social criticism, anti-Fascism, anarchism. The story behind its title is also very interesting, when Orwell finished this novel in 1948, this title was chosen simply as the inversion of this year. So, at last, in the story, there is a celebration of massive victory of Okeanias over Eurasian armies in Africa. Also, Winston accepted that he loves Big Brother. How this happened What were the circumstances Winston refused to love Julia How this political storm took place For all, the story reveals step by step in an interesting manner. A mind-blowing novel of that time and forever.
