Thirteen-year-old Rigg has a secret ability to see the paths of others' pasts, but revelations after his father's death set him on a dangerous quest that brings new threats from those who would either control his destiny or kill him.

To prevent the destruction of his planet, teenager Rigg Sessamekesh, who can manipulate time, must assume more responsibility when he and others travel back 11,000 years to the arrival of human starships.

From the internationally bestselling author of Ender's Game comes a boxed collection of all three riveting books in the Pathfinder Trilogy! A powerful secret. A deadly path. In Pathfinder, Rigg—a teenager who possesses a secret talent that allows him to see the paths of people's pasts—joins forces with another teen with special talents on a quest to find Rigg's sister and discover the true significance of their powers. Then Rigg's story continues in Ruins, when he must decipher the paths of the past before the arrival of a destructive force that threatens the future of his entire world. And the series comes to an epic and explosive ending in Visitors, as everything that has been building up finally comes to pass and Rigg is forced to put his powers to the test in order to save his world and end the war once and for all.

From Orson Scott Card, the internationally bestselling author of Ender's Game, comes the riveting finale to the story of Rigg, a teenager who possesses a special power that allows him to see the paths of people's pasts. In Pathfinder, Rigg joined forces with another teen with special talents on a quest to find Rigg's sister and discover the true significance of their powers. Then Rigg's story continued in Ruins as he was tasked to decipher the paths of the past before the arrival of a destructive force with deadly intentions. Now, in Visitors, Rigg's journey comes to an epic and explosive conclusion as everything that has been building up finally comes to pass, and Rigg is forced to put his powers to the ultimate test in order to save his world and end the war once and for all.

Orson Scott Card's The Lost Gate is the first book in the Mithermages series from the New York Times bestselling author of Ender's Game. Danny North knew from early childhood that his family was different, and that he was different from them. While his cousins were learning how to create the things that commoners called fairies, ghosts, golems, trolls, werewolves, and other such miracles that were the heritage of the North family, Danny worried that he would never show a talent, never form an outself. He grew up in the rambling old house, filled with dozens of cousins, and aunts and uncles, all ruled by his father. Their home was isolated in the mountains of western Virginia, far from town, far from schools, far from other people. There are many secrets in the House, and many rules that Danny must follow. There is a secret library with only a few dozen books, and none of them in English — but Danny and his cousins are expected to become fluent in the language of the books. While Danny's cousins are free to create magic whenever they like, they must never do it where outsiders might see. Unfortunately, there are some secrets kept from Danny as well. And that will lead to disaster for the North family. The Mithermages series The Lost Gate The Gate Thief Gatefather At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Ender's Shadow explores the stars in this all-new novel... At the end of Shadow of the Giant, Bean flees to the stars with three of his children—the three who share the engineered genes that gave him both hyper-intelligence and a short, cruel physical life. The time dilation granted by the speed of their travel gives Earth's scientists generations to seek a cure, to no avail. In time, they are forgotten—a fading ansible signal speaking of events lost to Earth's history. But the Delphikis are about to make a discovery that will let them save themselves, and perhaps all of humanity in days to come. For there in space before them lies a derelict Formic colony ship. Aboard it, they will find both death and wonders—the life support that is failing on their own ship, room to grow, and labs in which to explore their own genetic anomaly and the mysterious disease that killed the ship's colony. Shadows in Flight is the fifth novel in Orson Scott Card's Shadow Series. American Library Association "Best Books for Young Adults" From the author of Ender's Game, an unforgettable story about young Alvin Maker: the seventh son of a seventh son. Born into an alternative frontier America where life is hard and folk magic is real, Alvin is gifted with the power. He must learn to use his gift wisely. But dark forces are arrayed against Alvin, and only a young girl with second sight can protect him. Includes an excerpt of Orson Scott Card's new novel, THE LOST GATE! The Tales of Alvin Maker series Seventh Son Red Prophet Prentice Alvin Alvin Journeyman Heartfire The Crystal City At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

In this sequel to The Lost Gate, bestselling author Orson Scott Card continues his fantastic tale of the Mages of Westil who live in exile on Earth in The Gate Thief, a novel of the Mither Mages. Here on Earth, Danny North is still in high school, yet he holds in his heart and mind all the stolen outelves of thirteen centuries of gatemages. The Families still want to kill him if they can't control him...and they can't control him. He is far too powerful. And on Westil, Wad is now nearly powerless—he lost everything to Danny in their struggle. Even if he can survive the revenge of his enemies, he still must somehow make peace with the Gatemage Daniel North. For when Danny took that power from Loki, he also took the responsibility for the Great Gates. And when he comes face-to-face with the mages who call themselves Bel and Ishtoreth, he will come to understand just why Loki closed the gates all those centuries ago. The Mithermages series The Lost Gate The Gate Thief Gatefather At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Hédi Kaddour's poetry arises from observation, from situations both ordinary and emblematic—of contemporary life, of human stubbornness, human invention, or human cruelty. With Treason, the award-winning poet and translator Marilyn Hacker presents an English-speaking audience with the first selected volume of his work. The poetries of several languages and literary traditions are lively and constant presences in the work of Hédi Kaddour, a Parisian as well as a Germanist and an Arabist. A walker's, a watcher's, and a listener's poems, his sonnet-shaped vignettes often include a line or two of dialogue that turns his observations and each poem itself into a kind of miniature theater piece. Favoring compact, classical models over long verse forms, Kaddour questions the structures of syntax and the limits of poetic form, combining elements of both international modernism and postmodernism with great sophistication. Capturing Kaddour's full range of diction, as well as his speed, momentum, and tone, Marilyn Hacker's translations brilliantly bring these poems alive.

High above the earth orbits the starship Basilica. On board the huge vessel is a sleeping woman. Of those who made the journey, Shedemai alone has survived the hundred of years since the Children of Wetchik returned to Earth. She now wears the Cloak of the Starmaster, and the Oversoul wakes her sometimes to watch over her descendants on the planet below. The population has grown rapidly—there are cities and nations now, whole peoples descended from the who followed Nafai or Elemak. But in all the long years of watching and searching, the Oversoul has not found the thing it sought. It has not found the Keeper of the Earth, the central intelligence that also can repair the Oversoul's damaged programming. Homecoming series The Memory of Earth The Call of Earth The Ships of Earth Earthfall Earthborn At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
