Over the last two decades, The Cornell Manual has become a standard reference for those men and women who choose to follow the sea and who want to prepare themselves for the Coast Guard examinations. The Cornell Manual describes lifeboat operations, firefighting, distress signals, hypothermia, survival procedures, first aid, and rescue and evacuation details. Of particular value are the sample multiple-choice questions and answers for lifeboatmen and able seamen Coast Guard examinations.

Contains reference material for use during an examination for a merchant marine deck license.

Chart Number One is essential to correct and accurate use of nautical charts. More than a chart, it is a book that defines the symbols, abbreviations and terms used on charts. It also provides important information about buoys, light visibility (range) and aids to navigation. This new and improved edition from Paradise Cay is a complete and accurate high quality reproduction of information provided by NOAA and NIMA.
