“Rules for Visiting” is a lovely meditation on friendship, the importance of a community (in whatever form that takes) and on being open to life. The text moves along smoothly. It is an observational novel, with a tinge of melancholy hanging about it. And really isn't that a bit like everyday life?

An instant New York Times bestseller and Reese Witherspoon Book Club pick from beloved author Alice Hoffman—the spellbinding prequel to Practical Magic. Find your magic. For the Owens family, love is a curse that began in 1620, when Maria Owens was charged with witchery for loving the wrong man. Hundreds of years later, in New York City at the cusp of the sixties, when the whole world is about to change, Susanna Owens knows that her three children are dangerously unique. Difficult Franzy, with skin as pale as milk and blood-red hair, shy and beautiful Jet, who can read other people’s thoughts, and charismatic Vincent, who began looking for trouble on the day he could walk. From the start Susanna sets down rules for her children: No walking in the moonlight, no red shoes, no wearing black, no cats, no crows, no candles, no books about magic. And most importantly, never, ever, fall in love. But when her children visit their Aunt Isabelle, in the small Massachusetts town where the Owens family has been blamed for everything that has ever gone wrong, they uncover family secrets and begin to understand the truth of who they are. Yet, the children cannot escape love even if they try, just as they cannot escape the pains of the human heart. The two beautiful sisters will grow up to be the memorable aunts in Practical Magic, while Vincent, their beloved brother, will leave an unexpected legacy. Alice Hoffman delivers “fairy-tale promise with real-life struggle” (The New York Times Book Review) in a story how the only remedy for being human is to be true to yourself. Thrilling and exquisite, real and fantastical, The Rules of Magic is “irresistible...the kind of book you race through, then pause at the last forty pages, savoring your final moments with the characters” (USA TODAY, 4/4 stars).

From the #1 New York Times bestselling author of Small Great Things and the modern classics My Sister’s Keeper, The Storyteller, and more, comes a “complex, compassionate, and smart” (The Washington Post) novel about a family torn apart by a murder accusation. When your son can’t look you in the eye...does that mean he’s guilty? Jacob Hunt is a teen with Asperger’s syndrome. He’s hopeless at reading social cues or expressing himself well to others, though he is brilliant in many ways. He has a special focus on one subject—forensic analysis. A police scanner in his room clues him in to crime scenes, and he’s always showing up and telling the cops what to do. And he’s usually right. But when Jacob’s small hometown is rocked by a terrible murder, law enforcement comes to him, Jacob’s behaviors are hallmark Asperger’s, but they look a lot like guilt to the local police. Suddenly the Hunt family, who only want to fit in, are thrust directly in the spotlight. For Jacob’s mother, it’s a brutal reminder of the intolerance and misunderstanding that always threaten her family. For his brother, it’s another indication why nothing is normal because of Jacob. And for the frightened small town, the soul-searing question looms: Did Jacob commit murder? House Rules is “a provocative story in which [Picout] explores the pain of trying to comprehend the people we love—and reminds us that the truth often travels in disguise” (People).

This book can level the playing field for any individual.

A mesmerizing novel of love and nostalgia set in the vast spaces of contemporary East Africa. Romantic, often resonantly ironic, moving and wise, Rules of the Wild transports us to a landscape of unsurpassed beauty even as it gives us a sharp-eyed portrait of a closely knit tribe of cultural outsiders: the expatriates living in Kenya today. Challenged by race, by class, and by a longing for home, here are "safari boys" and samaritans, reporters bent on their own fame, travelers who care deeply about elephants but not at all about the people of Africa. They all know each other. They meet at dinner parties, they sleep with each other, they argue about politics and the best way to negotiate their existence in a place where they don't really belong. At the center is Esmé, a beautiful young woman of dazzling ironies and introspections, who tells us her story in a voice both passionate and self-deprecating. Against a paradoxical backdrop of limitless physical freedom and escalating civil unrest, Esmé struggles to make sense of her own place in Africa and of her feelings for the two men there whom she loves—Adam, a second-generation Kenyan who is the first to show her the wonders of her adopted land, and Hunter, a British journalist sickened by its horrors. Rules of the Wild evokes the worlds of Isak Dinesen, Beryl Markham, and Ernest Hemingway. It explores unforgettably our infinite desire for a perfect elsewhere, for love and a place to call home. It is an astonishing literary debut.
