Sean Hughes is an award-winning Irish comic turned bestselling writer whom the British Independent has compared to the likes of Irvine Welsh, James Kelman, and Will Self. Now, the popular comedian delivers *It's What He Would've Wanted*, a brutally funny, highly

charged, and moving
novel about a
directionless thirty-
year-old man's
belated transition into
adulthood. Our
narrator and
protagonist is Shea
Hickson, a
commitment-phobic ju-
st-turned-thirty-year-
old with somewhat
adolescent leanings.
Shea lives off lottery

from the light fixture, the son's disaffected existence is turned upside down. Worse, Shea's discovery of an encoded journal his father had been keeping uncovers shocking revelations about his father's disappointed life as a parent, husband, and disillusioned minor celebrity. Jolted from

his emotional ennui,
Shea determines to
figure out what drove
his father to his death
and, in the process of
unraveling the
Hickson family's
increasingly
distasteful secrets,
comes to better
understand himself.
With wry humor and
savage
undercurrents, the

story winds through the seamier side of London life -- skirting the worlds of television, newspapers, and small-scale urban terrorism. Buoyed by Hughes's edgy humor and Seinfeldian observations about modern life, *It's What He Would've Wanted* dissects and mutilates

traditional family values as it maps one son's attempt to piece together a world fractured by alienation, paranoia, and conflict.
