Gospel of Thomas - Wikipedia

The Gospel of Thomas consists of a brief prologue followed by 114 sayings of Jesus. Noticeably absent from the gospel are birth accounts, travel chronicles, miracle stories, and any narrative of Jesus' death, burial, and resurrection. If you carefully read the Gospel of Thomas against the four New Testament Gospels, roughly half of the sayings will seem familiar.

The Gospel of Thomas also suggests that Jesus is aware of, and criticizing the views of the Kingdom of God as a time or a place that appear in the other gospels. Here Jesus says, "If those who lead...

The Story Of The Storytellers - The Gospel Of Thomas ...

Answer: The Gospel of Thomas is a Coptic manuscript discovered in 1945 at Nag Hammadi in Egypt. This manuscript contains 114 sayings attributed to Jesus. Some of these sayings resemble sayings found in the Gospels of Matthew, Mark, Luke, and John. Other sayings were unknown until their discovery or even run counter to what is written in the four Gospels.

What is the Gospel of Thomas? | GotQuestions.org

We have two versions of the Gospel of Thomas today. The first was discovered in the late 1800's among the Oxyrhynchus Papyri, and consists of fragments of a Greek version, which has been dated to c. 200. The second is a complete version, in Coptic, from Codex II of the Nag Hammadi finds.

Gospel of John. Thomas first speaks in the Gospel of John.In John 11:16, when Lazarus had recently died, the apostles do not wish to go back to Judea, where some Jews had attempted to stone Jesus.Thomas says: "Let us also go, that we may die with him." Thomas speaks again in John 14:5.There, Jesus had just explained that he was going away to prepare a heavenly home for his followers, and that ...

Thomas the Apostle - Wikipedia

The Infancy Gospel of Thomas is a biographical gospel about the childhood of Jesus, believed to date at the latest to the second century. It does not form part of any biblical canon. The Infancy Gospel of Thomas is thought to be Gnostic in origin. Later references to a "Gospel of Thomas" are not at all referring to this Infancy Gospel, as many modern scholars have thought, but rather to the wholly different Gospel of Thomas. Proto-orthodox Christians regarded the Infancy Gospel of Thomas as inau

Infancy Gospel of Thomas - Wikipedia

The Gospel of Thomas is supposedly a collection of 114 sayings of Jesus that was discovered in 1945 at the village of Nag Hammadi in Egypt. Before the Nag Hammadi discovery, very little was known about the Gospel of Thomas other than three small fragments from Oxyrhynchus that date to A.D. 200 and roughly a half dozen allusions from Church Fathers.

The Gospel of Thomasis a collection of 114 sayings of Jesus that was discovered in 1945 at the village of Nag Hammadi in Egypt. Before the Nag Hammadi discovery, very little was known about the Gospel of Thomas other than three small fragments from Oxyrhynchus that date to 200 A.D. and roughly a half dozen allusions from church fathers.

Does the Gospel of Thomas belong in the New Testament ...

The Gospel of Thomas is unlike any other gospel text and has been an enigma ever since its discovery within the Nag Hammadi library in 1945. Lacking any narrative whatsoever, its 114 sayings are difficult to understand.

What is the Gospel of Thomas? The Gospel of Thomas is a collection of 114 sayings of Jesus that was discovered in 1945 at the village of Nag Hammadi in Egypt. Before the Nag Hammadi discovery, very little was known about the Gospel of Thomas other than three small fragments from Oxyrhynchus that date to 200 A.D. and roughly a half dozen allusions from church fathers.

This document is a collection of Logia, a harvesting of about 114 "Sayings of Jesus" together with a prologue which stresses the esoteric character of the sayings and attributes their recording and preservation to the apostle Didymus Jude Thomas. Many of the sentences are identical with the Logia of the Synoptic Gospels or are closely related to them. Nevertheless, there are differences of detail which merit discussion and can often be elucidated as due to a particular source or tradition. The other sayings on the contrary are "extra-canonical". Among these are certain "agrapha" which are already known or can now be recognised in ancient or mediaeval literature from patristic, gnostic, Manichean or even Catharist sources. In particular the sayings written in Greek, which are found in more or less mutilated form in three papyri from Oxyrhynchus appear with certain variations but assembled and arranged in similar manner in three different parts of "The Gospel according to Thomas". It is probable that extracts from apocryphal gospels such as the "Gospel according to the Hebrews" and the "Gospel according to the Egyptians" are also preserved in it. Besides this, the collection comprises many Logia which are quite new and have never before been seen.

Written by an L. A. County homicide detective and former atheist, Cold-Case Christianity examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In Cold-Case Christianity, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, Cold-Case Christianity inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

A new translation and analysis of the gospel that records the actual words of Jesus " Explores the gnostic significance of Jesus's teachings recorded in this gospel " Explains the true nature of the new man whose coming Jesus envisioned " Translated and interpreted by the author of the bestselling The Gospel of Mary Magdalene and The Gospel of Philip One of the cache of codices and manuscripts discovered in Nag Hammadi, the Gospel of Thomas, unlike the canonical gospels, does not contain a narrative recording Christ's life and prophecies. Instead it is a collection of his teachings--what he actually said. These 114 logia, or sayings, were collected by Judas Didymus Thomas, whom some claim to be Jesus's closest disciple. No sooner was this gospel uncovered from the sands of Upper Egypt than scholars and theologians began to bury it anew in a host of conflicting interpretations and polemics. While some say it is a hodgepodge from the canonical gospels, for others it is the source text from which all the gospel writers drew their material and inspiration. In this new translation of the Gospel of Thomas, Jean-Yves Leloup shows that the Jesus recorded by the "infinitely skeptical and infinitely believing" Thomas has much in common with gnostics of non-dualistic schools. Like them, Jesus preaches the coming of a new man, the genesis of the man of knowledge. In this gospel, Jesus describes a journey from limited to unlimited consciousness. The Jesus of Thomas invites us to drink deeply from the well of knowledge that lies within, not so that we may become good Christians but so we may attain the self-knowledge that will make each of us, too, a Christ.

If Jesus, like the Buddha and the ancient Indian Vedas before him, taught the radical oneness of all things,an unorthodox singularity between self and the divine,where is the record of such pronouncements by Jesus? It's not in the New Testament. In 1945, a discovery in an Egyptian desert may have revealed such a document: The Gospel of Thomas.

The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

Selected by the Modern Library as one of the 100 best nonfiction books of all time The Gnostic Gospels is a landmark study of the long-buried roots of Christianity, a work of luminous scholarship and wide popular appeal. First published in 1979 to critical acclaim, winning the National Book Award and the National Book Critics Circle Award, The Gnostic Gospels has continued to grow in reputation and influence over the past two decades. It is now widely recognized as one of the most brilliant and accessible histories of early Christian spirituality published in our time. In 1945 an Egyptian peasant unearthed what proved to be the Gnostic Gospels, thirteen papyrus volumes that expounded a radically different view of the life and teachings of Jesus Christ from that of the New Testament. In this spellbinding book, renowned religious scholar Elaine Pagels elucidates the mysteries and meanings of these sacred texts both in the world of the first Christians and in the context of Christianity today. With insight and passion, Pagels explores a remarkable range of recently discovered gospels, including the Gospel of Thomas and the Gospel of Mary Magdalene, to show how a variety of "Christianities" emerged at a time of extraordinary spiritual upheaval. Some Christians questioned the need for clergy and church doctrine, and taught that the divine could be discovered through spiritual search. Many others, like Buddhists and Hindus, sought enlightenmentand access to Godwithin. Such explorations raised questions: Was the resurrection to be understood symbolically and not literally? Was God to be envisioned only in masculine form, or feminine as well? Was martyrdom a necessary/or worthy/expression of faith? These early Christians dared to ask questions that orthodox Christians later suppressedand their explorations led to profoundly different visions of Jesus and his message. Brilliant, provocative, and stunning in its implications, The Gnostic Gospels is a radical, eloquent reconsideration of the origins of the Christian faith.

This book explores the fascinating and enigmatic collection of 114 sayings of Jesus, the 'Gospel of Thomas' that was discovered in the sands of Nag Hammadi, Egypt, in the 1940's. Since its discovery, scholars and the public alike have been intrigued to know what the Gospel says and what light it sheds on the formation of early Christianity. Here, DeConick provides a new English translation of the entire Gospel of Thomas, which includes the original 'kernel' of the Gospel and all the sayings. A unique feature of this book is that translations to the parallels of the Gospel are also included.

A fresh perspective on a lost gospel.

In this commentary, Simon Gathercole provides a detailed analysis of the most controversial of all early Christian apocrypha, the Gospel of Thomas.

The Gospel of Thomas -- found in 1945 -- has been described as "without question the most significant Christian book discovered in modern times." Often Thomas is seen as a special independent witness to the earliest phase of Christianity and as evidence for the now-popular view that this earliest phase was a dynamic time of great variety and diversity. In contrast, Mark Goodacre makes the case that, instead of being an early, independent source, Thomas actually draws on the Synoptic Gospels as source material -- not to provide a clear narrative, but to assemble an enigmatic collection of mysterious, pithy sayings to unnerve and affect the reader. Goodacre supports his argument with illuminating analyses and careful comparisons of Thomas with Matthew and Luke. Watch the trailer:
