buttons, and flaps is an excellent way for children to reinforce learning and strengthen hand-eye coordination.

Musician and naturalist Bernie Krause is one of the world's leading experts in natural sound, and he's spent his life discovering and recording nature's rich chorus. Searching far beyond our modern world's honking horns and buzzing machinery, he has sought out the truly wild places that remain, where natural soundscapes exist virtually unchanged from when the earliest humans first inhabited the earth. Krause shares

## Get Free The Great Animal Search

fascinating insight into how deeply animals rely on their aural habitat to survive and the damaging effects of extraneous noise on the delicate balance between predator and prey. But natural soundscapes aren't vital only to the animal kingdom; Krause explores how the myriad voices and rhythms of the natural world formed a basis from which our own musical expression emerged. From snapping shrimp, popping viruses, and the songs of humpback whales—whose voices, if unimpeded, could circle the earth in hours—to cracking glaciers, bubbling streams, and the roar of intense storms; from

# Get Free The Great Animal Search

melody-singing birds to the organlike drone of wind blowing over reeds, the sounds Krause has experienced and describes are like no others. And from recording jaguars at night in the Amazon rain forest to encountering mountain gorillas in Africa's Virunga Mountains, Krause offers an intense and intensely personal narrative of the planet's deep and connected natural sounds and rhythm. The Great Animal Orchestra is the story of one man's pursuit of natural music in its purest form, and an impassioned case for the conservation of one of our most overlooked natural

resources-the music of the wild.

From Rembrandt's monumental elephant and Toulouse-Lautrec's prancing circus steed to Rubens' masterly brush-and-ink study of a lion, this unique collection portrays all manner of creatures from the animal kingdom. More than 100 royalty-free illustrations – 17 in color – include magnificent works by: Hieronymus Bosch, Albrecht Dürer, Anthony van Dyck, Francisco Goya, Leonardo da Vinci, Pieter Bruegel the Elder, Diego Velazquez, Fra Bartolommeo, Katsushika Hokusai, John James Audubon,
