The Kasari Nexus Rho Agenda Assimilation, Book 1 By: Richard Phillips

Rho Agenda Assimilation Audiobooks | Audible.com

Here's the most important thing you need to know about The Kasari Nexus: it may be the first entry in the Rho Agenda Assimilation trilogy, but it is NOT the first book in the Rho Agenda series. And such is The Kasari Nexus that you should NOT start the series here -- go back to The Rho Agenda.

The Kasari Nexus Audiobook | Richard Phillips | Audible.ca

Anyone who dares challenge the Rho Project is being systematically picked off. At the top of the hit man's death list: NSA fixer Jack Gregory, and the three teenagers who first exposed the Rho Project's dark agenda to the world.On the run for their lives, Heather, Mark, and Jennifer know that the Rho Project's alien nano-technology has been released into the world, disguised as a miracle ...

The Kasari Nexus Audiobook | Richard Phillips | Audible.co.uk

And with this he created the Rho Agenda, a trilogy where alien technology is available to mankind. The problem is that so many want a piece of the cake – in this case the new technology – and while some are working to benefit the world by advanced technology others seek their own goals.

Richard Phillips - Book Series In Order

The Rho Agenda, series that set up this series of books was very good. However, this time round the story has fell into a cycle of Gung Ho egotism for the characters. Also, some parts of the story feel like I'm reading the "John Carter of Mars" books. While other bits don't really have a reason to be included, other than to pad out the book.

The Kasari Nexus Rho Agenda Assimilation, Book 1 Written by: Richard Phillips

Rho Agenda Assimilation Audiobooks - Listen to the Full ...

Today he lives with his wife, Carol, in Phoenix, Arizona, where he writes science fiction thrillers—including the Rho Agenda series (Once Dead, Dead Wrong, Dead Shift) and the Rho Agenda Inception series (The Second Shift, Immune, and Wormhole).

Jennifer Smythe escapes Earth's invasion by the insidious Kasari race, hijacks an alien starship, and survives the deadly passage through a wormhole. But escape is short-lived.... When Jennifer emerges on the new world of Scion, she is confronted by the same deadly enemy. Now the Kasari have sided with the planet's angel-like elite against the warrior underclass, but with the intent of ultimately ruling both. And when Jennifer is captured by the british Koranthians, her alien-enhanced abilities make her a crucial asset in battling the Kasari and their winged allies. Back on a divided Earth, Jennifer's brother, Mark, and Jack "the Ripper" Gregory wage their own war against the Kasari. As the global government welcomes the extraterrestrials, Mark, Jack, and their rebel faction seek to use the powerful mind-altering skills gained from the Kasari's sworn enemies to repel the would-be conquerors. But faced with the might of Earth's ruling forces, has the cause already been lost?

On the evening of July 3rd, 1947, two starships battled in the night sky over the American Southwest, sending both ships crashing into the high desert. One of these ships was quickly discovered near Roswell, New Mexico, and spirited away, its existence officially denied by the US Government. In August of 2006, three high school students accidentally discover something which leaves them entangled in a dark web of international espionage and intrigue. Pursued by government agents and mercenary killers, they stumble upon something far more terrifying. Now, their only hope of survival may lie within The Second Ship.

When the Rho Project's lead scientist, Dr. Donald Stephenson, is imprisoned for his crimes against humanity, the world dares to think the threat posed by the Rho Project's alien technologies is finally over. The world is wrong. In Switzerland, scientists working on the Large Hadron Collider have discovered a new threat, a scientific anomaly capable of destroying the earth -- and only Rho Project technology can stop it. In exchange for a full pardon, Dr. Stephenson agrees to create a wormhole that will send the anomaly into deep space. But his promise masks the alien agenda that brought the Rho Ship to earth. Now a trio of accidentally altered humans must infiltrate Stephenson's wormhole project and stop it, no matter the cost. The final battle has begun -- and this is one battle mankind cannot afford to lose.

With the final chapter of the Rho Agenda Inception, all secrets will be revealed. Who is the alien mind haunting Jack "The Ripper" Gregory? What is the purpose of the immensely powerful Sun Staff? And how will the culmination of these events set the stage for the Rho Agenda? In this page-turning sci-fi adventure, the NSA's most brilliant hacker is abducted and the world stands on the brink of cyberwar. The Ripper and his ghost team commandos are called to action, battling a host of enemies ranging from a genius tech-billionaire and the Chinese government to an emerging superintelligence capable of bringing the world to its knees. With every threat in play, Jack must confront his alien passenger and regain some semblance of self-control. As the origins of the Rho Agenda come to light, Jack struggles to embrace his destiny. But how can even one such as he prevail against an existential threat to humanity?

When Mark and Heather Smythe saved Earth from the conquest-hungry Kasari Collective, they thought their work was done. But the world's vast new government continued its quest to make extraterrestrial contact. And now, as a new gateway is activated to welcome the Kasari, whom world leaders take to be benefactors, only the Smythes stand a chance of countering their planet's invasion and subjugation by a race of ruthless conquerors. Years after their failed first mission, the Kasari have returned, bearing irresistible promises while concealing insidious plans to enslave humanity. But not if the Smythes along with fearless CIA agent turned mercenary Jack Gregory and his partner, Janet Price can help it. From the world's last stronghold, they take the fight to enemies both earthing and alien even as their comrades-in-arms join the warrior Koranthians in battling the Kasari on a far-off planet. But the greatest danger lies within Earth itself, where an ancient artifact prepares to summon doom from another world.*

Jack Gregory, the CIA's top assassin, went rogue after a mission gone wrong. When a confrontation leaves him bleeding out on death's doorstep, he is faced with an offer from a dark figure named Anchanchu. If Jack is willing to act as a human host for Anchanchu, the entity will revive him and give him another shot at life. Jack takes the deal...but he must now face the consequences of having the same dark creature in his head as some of history's greatest villains. Struggling with desires and memories that are not his own, Jack is not the man he once was. One year later, he is known internationally as The Ripper, assassin for hire, and is faced with having to wrest control of his dark compulsions while preventing a nuclear attack on the United States. From the bestselling author of the Rho Agenda trilogy comes a globe-spanning thriller with a twist unlike anything you've ever seen....

This book presents an in-depth, science-based approach to applying key project-management and spatial tools and practices in environmental projects. Providing important data for those considering projects that balance social-economic growth against minimizing its ill-effects on planet Earth, the book discusses various aspects of environmental engineering, as well as formula and analytical approaches required for more informed decision-making. Beginning with a broad overview of the factors and features of environmental processes and management, the book then clearly details the general application of fundamental processes, the characteristics of the different systems in which they occur, and the way in which these factors influence process dynamics, environmental systems, and their possible remedies. While primarily intended for professionals responsible for the management of environmental projects or interested in improving the overall efficiency of such projects, it is also useful for managers in the private, public, and not-for-profit sectors. Further, it is a valuable resource for students at both undergraduate and postgraduate levels, and an indispensable guide for anyone wanting to develop their skills in modern environmental management and related techniques.

An ancient prophecy. A young woman's destiny. Lorness Carol, coming of age in the kingdom of her warlord father, Lord Rafel, aspires to wield magic. But she's also unknowingly become the obsession of Kragan, an avenging wielder as old as evil itself. He's waited centuries to find and kill the female prophesied as the only human empowered to destroy him. However, dispatching the king's assassin, Blade, to Rafel's Keep, ends in treason. For Blade arrives not with a weapon but rather a warning for the woman he's known and loved since he was a child. With a price on his head, Blade flees--as Carol and her family are urged away on their own desperate route of escape. Now, traversing the lawless western borderlands, Carol struggles to understand the uncanny magic she possesses and must learn to master. Though separated, Carol and Blade are still united--not only by the darkness pursuing them both but by a quest toward destiny, revenge, and the revelations of an ancient prophecy that signal the ultimate war between good and evil.

Using specific examples of incremental and transformational changes, and outlining the long-term corporate benefits of sustainability, the book examines the changes required to achieve true sustainability.

In their battle to save Earth from becoming another conquest of the alien Kasari Collective, Mark and Heather Smythe have struck crucial blows against the enemy. But their best efforts have still failed to derail the completion of the wormhole gateway that would give the insidious extraterrestrial invaders access to the planet--and doom humankind as helpless slaves of the Kasari hive mind. The Smythes and their intrepid allies--including the mentally altered humans, The Enhanced--stand ready to beat back the Kasari onslaught once and for all. Not by mortal combat, but with scientific cunning. Still, the success of their plan depends on a daring stealth mission into the heart of the aliens' nerve center on Earth. And multiple threats lie in wait--including the ruthless Kasari commander, a brutal double agent with a deadly vendetta to settle, and the alien entity Khal Teth, who wears a human face but is ready to strike with monstrous force. In this stunning conclusion to the Rho Agenda Assimilation by the bestselling author of *The Second Ship*, the small but fierce band of altered humans and Earth's resistance fighters face their greatest opportunity to stop the Kasari. But with the remnants of humanity and a battered Earth caught in the cross fire, can they secure a victory without sacrificing everything they're trying to protect?
