Under the Pendulum Sun is a fantasy novel that is so uniquely written and I have never ever encountered any other books even close to what this book is about. Essentially, this is a story of Catherine Helstone, a Reverend's sister who was sent to Arcadia, a world different from ours in which the sun is a pendulum.

Jeannette Ng's debut novel Under the Pendulum Sun starts like many good fairy stories do: with a journey. In the mid-19th century, Catherine Helstone spends six weeks on a ship off the north English coast trying to get well and truly lost, for this is the only way to find the Faelands of Acadia. She's trying to reach her brother Laon, a missionary for the Anglican church, who went to Acadia to replace Reverend Roche, the first missionary to the fae, who died under mysterious circumstances.

Political exiles are desperate to escape from the impossible city that imprisons them, in this bloody and brilliant epic fantasy Thousands of years ago, the city of Athanor was set adrift in time and space by alchemists, called "the Curious Men". Ever since, it has accumulated cultures, citizens and species into a vast, unmappable metropolis. Isten and her gang of half-starved political exiles live off petty crime and gangland warfare in Athanor's seediest alleys. Though they dream of returning home to lead a glorious revolution, Isten's downward spiral drags them into a mire of addiction and violence. Isten must find a way to save the exiles and herself if they are ever to build a better, fairer world for the people of their distant homeland. Politics, manners, humor, sexuality, wealth, even our definitions of success are periodically renegotiated based on the new values society chooses to use as a lens to judge what is acceptable. Are these new values randomly chosen or is there a pattern? Pendulum chronicles the stuttering history of western society; that endless back-and-forth swing between one excess and another, always reminded of what we left behind. There is a pattern and it is 40 years: 2003 was a fulcrum year, as was 1963, its opposite. Pendulum explains where we have been as a society, how we got here, and where we are headed. If you would benefit from a peek into the future, you would do well to read this book.

Bored with their work, three Milanese editors cook up "the Plan," a hoax that connects the medieval Knights Templar with other occult groups from ancient to modern times. This produces a map indicating the geographical point from which all the powers of the earth can be controlled—a point located in Paris, France, at Foucault's Pendulum. But in a fateful turn the joke becomes all too real, and when occult groups, including Satanists, get wind of the Plan, they go so far as to kill one of the editors in their quest to gain control of the earth. Orchestrating these and other diverse characters into his multilayered semiotic adventure, Eco has created a superb cerebral entertainment.

Ariah's magical training has been interrupted. Forced to rely on a mentor, Dirva, who is not who he claims to be, and a teacher who is foreign and powerful, Ariah is drawn into a culture wholly different from the elven one that raised him. As his friendship with Dirva's brother blossoms into a surprising romance, and he slowly learns how to control the dangerous magic in his blood, life finally appears to be coming together for Ariah—but love and security are cut short by a tyrannical military empire bent on expanding its borders. War, betrayal, passion, and confusion follow Ariah as his perilous journey leads him beyond the walls of the Empire, and into unfamiliar territory within himself. Along the way, he'll discover just how much he's willing to give up to find his place in the world, and he'll learn what it means to sacrifice himself for freedom—and for love.

Kafka on the Shore displays one of the world's great storytellers at the peak of his powers. Here we meet a teenage boy, Kafka Tamura, who is on the run, and Nakata, an aging simpleton who is drawn to Kafka for reasons that he cannot fathom. As their paths converge, acclaimed author Haruki Murakami enfolds readers in a world where cats talk, fish fall from the sky, and spirits slip out of their bodies to make love or commit murder, in what is a truly remarkable journey.

The multiple award-winning fantasy author of *The Fionavar Tapestry* brings his extraordinary imagination to a tale of mythic figures in contemporary times... Ned Marriner is in France with his father, a celebrated photographer shooting the Saint-Sauveur Cathedral of Aix-en-Provence. While exploring the cathedral, Ned meets Kate, an American exchange student with a deep knowledge of the area's history. But even Kate is at a loss when she and Ned surprise a scar-faced stranger, wearing a leather jacket and carrying a knife. "I think you ought to go now," he tells them. "You have blundered into a corner of a very old story..." In this ancient place, where the borders between the living and the long-dead are thin, Ned and his family are about to be drawn into a haunted story, as mythic figures from conflicts of long ago erupt into the present, changing—and claiming—lives.

In the latest novel in Genevieve Cogman's historical fantasy series, the fate of worlds lies in the balance. When a dragon is murdered at a peace conference, time-travelling Librarian spy Irene must solve the case to keep the balance between order, chaos...and the Library. When Irene returns to London after a relatively straightforward book theft in Germany, Bradamant informs her that there is a top secret dragon-Fae peace conference in progress that the Library is mediating, and that the second-in-command dragon has been stabbed to death. Tasked with solving the case, Vale and Irene immediately go to 1890s Paris to start their investigation. Once they arrive, they find evidence suggesting that the murder victim might have uncovered proof of treachery by one or more Librarians. But to ensure the peace of the conference, some Librarians are being held as hostages in the dragon and Fae courts. To save the captives, including her parents, Irene must get to the bottom of this murder—but was it a dragon, a Fae, or even a Librarian who committed the crime?
