Today Sunday morning worship competes with youth soccer, Starbucks, Facebook, and the allure of being "spiritual but not religious." To share the gospel in a world like this, Christians need to reach beyond the boundaries of concrete and virtual communities to become evangelists. That takes faith. It also requires skill with public relations, social media, traditional print materials and other techniques to increase church visibility. The authors, both recognized experts and consultants, walk readers through the theology of church communications and introduce steps to help us deliver clutter-busting messages to reach our technologically sophisticated and faith-challenged world.

This pioneering book presents a history and ethnography of adventure comic books for young people in India with a particular focus on vernacular superheroism. It chronicles popular and youth culture in the subcontinent from the mid-twentieth century to the contemporary era dominated by creative audio-video-digital outlets. The authors highlight early precedents in adventures set by the avuncular detective Chacha Chaudhary with his 'faster than a computer brain', the forays of the film veteran Amitabh Bachchan's superheroic alter ego called Supremo, the Protectors of Earth and Mankind (P.O.E.M.), along with the exploits of key comic book characters, such as Nagraj, Super Commando Dhruv, Parmanu, Doga, Shakti and Chandika. The book considers how pulp literature, western comics, television programmes, technological developments and major space ventures sparked a thirst for extraterrestrial action and how these laid the grounds for vernacular ventures in the Indian superhero comics genre. It contains descriptions, textual and contextual analyses, excerpts of interviews with comic book creators, producers, retailers and distributors, together with the views, dreams and fantasies of young readers of adventure comics. These narratives touch upon special powers, super-intelligence, phenomenal technologies, justice, vengeance, geopolitics, romance, sex and the amazing potentials of masked identities enabled by navigation of the internet. With its lucid style and rich illustrations, this book will be essential reading for scholars and researchers of popular and visual cultures, comics studies, literature, media and cultural studies, social anthropology and sociology, and South Asian studies.
